The route will take you down Passeig de Gràcia, one of Barcelona's main boulevards, passing by Gaudi's unfinished masterpiece, the incredible Sagrada Família. Leaving the breathtaking basilica behind, a location of equally awe-inspiring proportions is next: the jagged sandstone columns of the Montserrat Mountains and the abbey of Santa Maria de Montserrat, an impressive complex of buildings that affords glorious views of the countryside below. A key Catholic pilgrimage site and popular as a religious retreat, the abbey not only hosts a statue of the Virgin of Montserrat, aka the Black Madonna, but also a basilica with an ornately decorated interior. Some time to soak up the beguiling surroundings and have lunch on your own then follows, after which your travels continue by coach to the village of Sant Sadurni and the Cava Vilarnau wine cellars. Apart from a chance to see how wine, sparkling wine and the bottle-fermented Spanish cava are made, you will also be able to please your palate during the tasting session that concludes your visit. **NAP46 - NAPLES, CAPRI & SORRENTO, ALL IN A CRUISE**

**ZEE & ZON**

Beautiful coastal scenery, opportunities to take wonderful photos from a completely new perspective and the chance to take a dip or two are the ingredients of this half-day excursion to three of the most beautiful jewels of the Bay of Naples. The tour starts at the port, boarding a private boat where you will be greeted with a welcome drink. As you leave the port of Naples you will want to have your camera handy to photograph the city's beautiful skyline from the sea. Your first destination will be the island of Capri, world famous for its scenic beauty. You will pass by Tiberius' cliff, also known as "Salto di Tiberio", a sheer cliff about 297 metres high, and the white grotto that owes its name to the white limestone incrustations at its entrance. At Marina Piccola there is a relaxing stop for swimming in a truly unique setting: yachts, green vegetation and the famous Faraglioni rocks in the background. The cruise then continues to Sorrento, a renowned town set on the coast and surrounded by greenery. An hour-long stop in front of the picturesque Marina Grande not only allows you to admire the picturesque fishing village from the sea, but also to take a dip in the blue sea. The return to Naples offers a final opportunity to admire the Gulf landscape with Mount Vesuvius in the background and take more photos for your memory book. Please note: this tour does not include any visit to Capri or Sorrento. Guests will have access to the sea directly from the boat; no stop on beaches is foreseen. Information available in English and Italian only through a public sound system. The boat is exclusive for MSC guests. **NAP01 - POMPEII**

**CULTUUR EN GESCHIEDENIS**

Your archaeological tour begins with a drive towards Pompeii, a once thriving town that was completely buried by lava, rubble and ash during the catastrophic eruption of Vesuvius in A.D. 79. It then lay hidden and perfectly preserved under tonnes of volcanic ash for almost 1.700 years before being accidentally rediscovered in the mid-18th-century and then subsequently being excavated. The many artefacts that were found, especially items of daily life such as bread and honey, give the visitor a glimpse of the lives these ancient Romans lived. A fascinating guided walking tour will provide insight into the history of this amazing and very large archaeological site. A stop will also be made at a local coral factory on your return journey to the ship. Please note: as the tour involves long periods of walking on uneven ground (i.e. boulders in the streets of Pompeii), it is unsuitable for guests with walking difficulties.

WONDERLIJKE  
NATUUR

Leave the ship for a few hours and instead check yourself in to an educational and family-friendly outing for a behind-the-scenes look at Italy's largest aquarium, the Acquario di Genova. At a prearranged time, you'll then proceed on an expertly guided "behind-the-scenes" tour of the facility, during which you'll get to see the on-site laboratories, maintenance and plankton farming activities as well as how the animals are cared for and reared. And among the tank backstage areas, highlights include the jellyfish and dolphin enclosures. ### MRS20 - MARSEILLE WALKING TOUR

**STADSRONDLEIDING**

Spend 2 hours off the ship enjoying the sunshine and stretching your legs in the fresh air on a leisurely walk around the lovely French city of Marseille, situated in the nation's deep south. You'll catch a shuttle bus to reach the city centre, after which the tour continues on foot. Taking through a mainly pedestrianised area, the guided walk begins at the foot of the old town and ends at its highest point, with information provided on the city's storied past as you go. Key landmarks include the 17th-century city hall, 16th-century Hôtel de Cabre, the magnificent Cathedral of Saint Mary Major, completed in the late 19th-century, and Fort Saint-Jean, built in 1660 by order of Louis XIV. You'll also have some free time to explore the Vieux Port - the old harbour - area before catching a shuttle bus back to the ship. Please note: This tour includes approximately 1.5 hours of moderate walking, at times over uneven surfaces. Guests of limited mobility are requested to evaluate their personal level of stamina and ability before taking part. All visits are external.
